

# Wedding & Elopement Videography

## MY PHILOSOPHY.

My passion for filming weddings and elopements is very real! Nothing fills my cup up more than being able to create something that you can reflect on for years and years! I've come to learn that there are moments that you really can't put into words. You can take a photo but it sometimes doesn't capture the emotion just right. Video allows you to re-live some of the best most tender moments of your day. The way your mom looked at you and your dad as you both walked down the aisle. The glow on your faces when you see each other for the first time. All of it! Especially the little details that you may not have even noticed.

The list of why's I enjoy and chose this career can go on and on but one that's really up there is the connection I've gotten the chance to build with each and every couple. I'm so humbled that I get the opportunity to spend an entire day submerged in your family and friends. Let alone being able to document it all, you just can't beat it!

nice to meet you.

# HI, I'M JESS. ✨ ✨

*A WEDDING & ELOPEMENT PHOTOGRAPHER AND VIDEOGRAPHER  
BASED OUT OF NW WASHINGTON.*

You can find me smiling the biggest with either my camera, daughter, or an Americano with cream in hand. I feel I'm my best self when I'm on the coast, or really around any water. Whether that be creating or just being with my family. But some of my absolute favourite work has come to life alongside the ocean.

In my pre-mom years, I was a big traveller! Since having Naomi, I've rooted down in the Northwest spending most of my time in Oregon, Washington, and Northern CA. That travel bug is surely creeping back up though and I'm excited to dip my toe back into the nomadic world :)

I deeply enjoy capturing genuine connection and shedding light on all the ways that make others' dynamics unique and beautiful. I truly feel like I was meant to do this work and fall more in love with it each and every year. I look forward to meeting you and telling your story!

# frequently asked.

## *When will we receive our films?*

You'll receive your Highlight Reel and Full Length Film 8-12 weeks after your wedding. I'll try to get you a little sneak video sooner though!

## *We've never been filmed before? How should we act?*

The good news is you do not have to have ANY experience being filmed for this. I'd honestly be surprised if you did! I try to keep this all as natural as possible. I like to just film everything as it happens while every now and then making suggestions to move into better light or removing objects in the background for aesthetic purposes. I'm also efficient when it comes to working alongside photographers and make the most of all the shooting time while they're taking photos of you.

## *Do we really need you to film our getting ready process?*

Storytelling is a huge part of videography. It may seem silly to have me there for the finishing touches of your getting ready process but I find it to be a little funky to have your film start at your first look. It's so visually pleasing to have a bit more context and background as to how you got there. I really only need 30+ mins of the getting ready process

## *Do you do documentary edits?*

No this is just not my style. The longest full length I've delivered was 17 minutes long and that was after filming three days of their wedding weekend.

## *Do we need a 2nd shooter?*

I'm 100% confident in my ability to thoroughly film your day. I have my routine down to a science. I'm happy to bring a second shooter along though if it makes you feel better!
