Wedding & Elopement Photography

MY PHILOSOPHY.

I have been photographing weddings and elopements for 12 years! Which is actually kind of crazy to think about. I knew I was meant to do this from the start. I feel that I'm a very easy going person and that translates into how your wedding photography will feel. I take a very natural approach with little staging and fluid movement. I'm not the type of vendor that is going to rush you out of a sweet moment to stick to your timeline, that's just not my jam! I'm all for the little moments of soaking in the day and thoroughly enjoying it. That will 100% show in your wedding photos. I also try to blend into your day and make this all just feel like you have a friend following you around with the camera. I take pride in this element of what I have to offer!

So if you're looking for a laidback friend to photograph your day, I'm your girl!

nice to meet you.

PHOTOGRAPHER . VIDEOGRAPHER , LOVER OF ALL THINGS LOVE

HI, I'M JESS. ✨ ✨

*A WEDDING & ELOPEMENT PHOTOGRAPHER AND VIDEOGRAPHER
BASED OUT OF NW WASHINGTON.*

You can find me smiling the biggest with either my camera, daughter, or an Americano with cream in hand. I feel I'm my best self when I'm on the coast, or really around any water. Whether that be creating or just being with my family. But some of my absolute favourite work has come to life alongside the ocean.

In my pre-mom years, I was a big traveller! Since having Naomi, I've rooted down in the Northwest spending most of my time in Oregon, Washington, and Northern CA. That travel bug is surely creeping back up though and I'm excited to dip my toe back into the nomadic world :)

I deeply enjoy capturing genuine connection and shedding light on all the ways that make others' dynamics unique and beautiful. I truly feel like I was meant to do this work and fall more in love with it each and every year. I look forward to meeting you and telling your story!

frequently asked.

When will we receive our photos?

You'll receive your previews in an online gallery within three days and your full gallery 8-12 weeks after your wedding.

How many photos will we receive?

Alright I'm going to be honest, I am an overshooter!! I just know that there are different facial expressions that we all like or don't like of ourselves, therefore I like to give options! I'm also a bit of a rapid shooter. This allows me to get a variety of real, candid moments. The result is, I end up with SO many good photos to choose from...which means YOU get so many photos :)

Can we swap the engagements for something else?

Absolutely! Engagements can be swapped for an extra hour of coverage, or anything that is equal value. See the Add on page for more details on that!

Do you give us the raw photos?

I do not deliver raw photos. Definitely take the time to look through my photos and make sure my editing style aligns with you.

Do we need a 2nd shooter?

I'm 100% confident in my ability to thoroughly capture your day solo. I have my routine down to a science. I'm happy to bring a second shooter along though if it makes you feel better, but it's not necessarily needed!

How would you describe your editing style?

I try to keep a very timeless look to my photos with some added elements of muted tones and creamy highlights. Skin tones are everything to me and what I look at most when altering photos. I don't want you to receive your photos and think, huh I look green... or pink... or so orange!"
